

Morzine & Nice France

March 8 - 16, 2024

Morzine: Located just 1 hour and 15 minutes from Geneva Airport, Morzine is the largest town located in the Portes du Soleil Ski range that encompasses both France and Switzerland. The Portes du Soleil range is actually the largest ski area in the world, although since the resort is not 100% interconnected the title for #1 still belongs to les Trois Vallees. However, unlike Le Trois Vallee's, from Morzine you can ski over the mountain range to several resorts in Switzerland, such as Chatel, Les Crosets, Champéry and Champoussin. Morzine also offers plenty of local attractions, night life and shopping. It is also just a short drive for many excursions.

Your Morzine Tour Includes:
